

Footbridge to Hailey Park Opens

Last Updated Sunday, 30 June 2013 19:12

The conversion of the disused railway bridge to a footbridge is complete, and opened at the end of June 2013. The bridge links the Taff Trail at Hailey Park to the path known as Cart Road 52 near the Radyr Sidings.

The railway bridge was part of the line from the goods sidings to the Radyr to Queen Street line, part of the old

Taff

Valley Railway. Cart Road 52 originally connected

Whitchurch

,

Radyr

and

Llandaff

via a ford across the

Taff

.
